Data Sheet

# PALISADE PANEL

A palisade panel is made up of palings and slotted channels.

Slotted channels are used for the crosses. Spacings are available in 160mm and 180mm centres. 40 x 40 x 2.0mm, 2.5mm or 3.0mm hot rolled angles are used for the palisade palings. 76 x 76 x 1.6mm hot rolled tubes are used for the palisade poles.

**Please contact our Structural Steel Division for sizes not listed above.**
