MACSTEEL®

Data Sheet

HOT ROLLED SHEETS

Hot rolled sheets are cut from hot rolled coil, which is de-coiled and processed into the required length. The general thicknesses available for this sheet is 1.6mm up to 4.5mm thick.

Product application

Typical application for hot rolled sheets is manufacturing due to its excellent formability and weldability.

Sizes available

Dimensions	1.6mm	2.0mm	2.5mm	2.8mm	3.0mm	3.5mm	4.0mm	5.0mm
1850 x 925	22.01	27.51	34.39	38.51	41.27		55.027*	
2450 x 925	29.14	36.43	45.54		54.65			
3050 x 925	36.28	45.36	56.7		68.04			
3650 x 925					81.42			
2450 x 1220	38.45							
1850 x 1225	29.14	36.43	45.54		54.65			
2450 x 1225	38.60	48.25	60.31	67.55	72.38	84.44	96.508	
2750 x 1225	43.33							
3050 x 1225	48.05	60.07	75.08		90.10			
3650 x 1225	57.51	71.88	89.86		107.8			
3000 x 1500		72.35	90.43		108.5			
3050 x 1500		73.55	91.94		110.3			
2450 x 1500			73.85		88.63			
3000 x 1500			90.43		108.5	126.6	144.702	
3050 x 1500			91.94		110.3	128.7	147.114	
3650 x 1500			110.0		132.0			
8000 x 1500					289.4			
12000 x 1500							578.808	
2450 x 1800					106.3			
3000 x 1800					130.2		169.56	211.9
3050 x 1800					132.4			215.4
3650 x 1800					158.4			257.8
4000 x 1800					173.6		231.523	282.6
6000 x 1800					260.4			423.9
12000 x 1800							694.57
